

# REQUEST FOR INTERNS/VOLUNTEERS

## SEEKING

Three (3) individuals are being sought by the Honorary Monarchy who have an interest in protecting the nation's democracy and repairing the damage being done to our governmental institutions as directed by the Heritage Foundation's troubling "Project 2025" plan being implemented by the Trump Administration.

The selected individuals will need to be able to work remotely, have a strong understanding of politics and government operations, good online media skills and can be both collaborative and independent.

**These are unpaid positions.** However, earning class credit as an internship may be possible. This will depend on the related educational institution's requirements and the ability of the Honorary Monarchy to meet those requirements.

## BACKGROUND

The Honorary Monarchy is a private advocacy platform inspired by the legacy of Joshua Norton (1818-1880) to address the burgeoning dictatorship of Donald J. Trump.

Norton is an interesting figure. After styling himself as Emperor of These United States, he spoke out against corruption, racism (including slavery) and the growing wealth gap. It was under his "crown" that Emperor Norton demonstrated the importance of encouraging people to be their best and the difference between a monarchy and a dictatorship.

It is through this platform that Americans are being encouraged to oppose the burgeoning Trump dictatorship and plan for a post-Trump era.

Author and arts/entertainment professional James A. Richards is propelling this platform as His Honorary Majesty James I. However, he has limitations (including a lower lumbar condition called spinal stenosis) and needs assistance.

The Honorary Monarchy **is a private effort, not a nonprofit organization nor a business**. To learn more, visit [www.thehonorarymonarchy.com](http://www.thehonorarymonarchy.com).

### **IMPERIAL OUTREACH MANAGER FOR RESISTANCE**

Many people and groups across the country are unsure how best to respond to burgeoning Trump dictatorship. Such a situation can easily encourage violent actions or create an environment of hopeless resignation.

The Honorary Monarchy has created *Responsible Resistance*. This is a free booklet to provide guidance to anyone interested in responding effectively to Donald Trump and his supporters. The booklet is supplemented with suggested lists for boycotts and demonstrations.

It will be the responsibility of the Resistance Outreach Manager to research, contact and provide this material to interested parties throughout the nation.

### **IMPERIAL TEAMS COORDINATOR**

The Honorary Monarchy has posited *Putting it Back Together*, an outline to repair the damage caused by the Heritage Foundation's Project 2025. *Putting it Back Together* calls for the creation of teams, each charged with a specific arena (e.g. presidential power).

It will be the responsibility of the Teams Coordinator to work with HHM James to connect with key stakeholders and form the teams. An initial list has already been generated,

### **IMPERIAL FUNDRAISER**

HHM James I supports himself primarily through his SSI income. The Honorary Monarchy will need financing.

It will be the responsibility of the Fundraiser to develop and execute IRL and especially online revenue-generation. (Early steps toward a web store have already been taken).

No dollar amount goal has been set (this will probably be open ended). Once a plan is in place, HHM James will establish the necessary infrastructure (e.g. bank account).
